PRESIDENT’S MESSAGE

LORRAINE WYNESS

Welcome to the 2019 Annual UELMA Conference “*Shared Foundations*”!

Our goal is that you will take today’s conference as an opportunity to collaborate with colleagues and share camaraderie, engage in various sessions, explore ideas and library tools, inquire about and curate resources to enhance your librarianship skills. The shared foundations of the AASL standards Framework are highlighted throughout the many breakout sessions, Idea Labs, Poster sessions, and author presentations in today’s program.

We are thrilled to have *New York Times* bestselling author, Laurie Halse Anderson, who writes for kids of all ages and has earned international, national, and state awards presenting our keynote. She is sure to impress along with our local talent, author Matt Kirby and book illustrator, Will Terry.

UELMA has continued to work hard this past year on behalf of Utah’s school library programs by advocating for access to state school library resources and fighting against intellectual freedom challenges. We provided another successful Professional Development opportunity at SUU in the summer with a 2 day bootcamp, doubling our enrollment from last year. We have expanded our online presence using social media tools such as Twitter and Facebook groups to engage more directly with our members. Please continue to connect with us online and share your stories, knowledge and expertise and grow your personal learning networks.

Your commitment to be here today for continued professional development impacts student achievement in your school community. Take time today to greet old friends, meet new peers and provide support to one another. Today would not be possible without the great dedication and efforts of our Conference Committee members led by Selena Campbell, Past President of UELMA. Please thank them for all their hard work behind the scenes. Use #UELMA19 today as you tweet or post online about your conference experience. Don’t forget to take the post conference survey so we can plan another amazing conference for 2020!

It has been a great privilege to serve as President of UELMA this year. Enjoy your day!
